

WHO WE ARE.

The iSkate Foundation is a newly formed non-profit organization designed to allow children to learn and participate in the sport of ice skating. Our mission is to provide economically disadvantaged children of our community the opportunity to learn and experience the fun and health benefits of ice skating.

Our goal is to provide instruction and equipment to those otherwise unable to afford the costs associated with ice skating. Students will be able to learn ice skating skills and participate in classes that help promote a healthy lifestyle and social development.

WHAT WE DO.

Our participants will receive subsidized ice time and instruction. Classes are taught by professionals who are certified members of United States Figure Skating, Ice Skating Institute, and Professional Skaters Association. As the skater progresses and desires to go farther in the sport of ice skating, the iSkate Foundation will also supply any membership fees, event fees and supply equipment such as skates and skating attire.

FOR WHO.

The iSkate Foundation is open to school age children between the grades of Pre-K through 12th grade. If you or someone you know are interested in seeing if you qualify, please contact us at iskatefoundation@hotmail.com for more information and an application.

We welcome all inquiries!

HOW TO HELP.

The iSkate Foundation is also seeking sponsorships and donations. Should you or someone you know be interested in a sponsorship or donation, please contact us at iskatefoundation@hotmail.com for more information and sponsorship or donation forms.
